

"Mirror Mirror"

*How many times
will I fall for you
and how many dreams
must be shattered
because of you*

*Hey, think it's time
that you told me how you feel
don't waste your chance
'cause in the morning
I won't be here*

*Mirror mirror on the wall
I stare at you
but I can't see a thing at all
mirror mirror speak to me
'cause you're all that I see
nothing's making sense to me*

Mirror mirror on the wall...

I stare at you....
